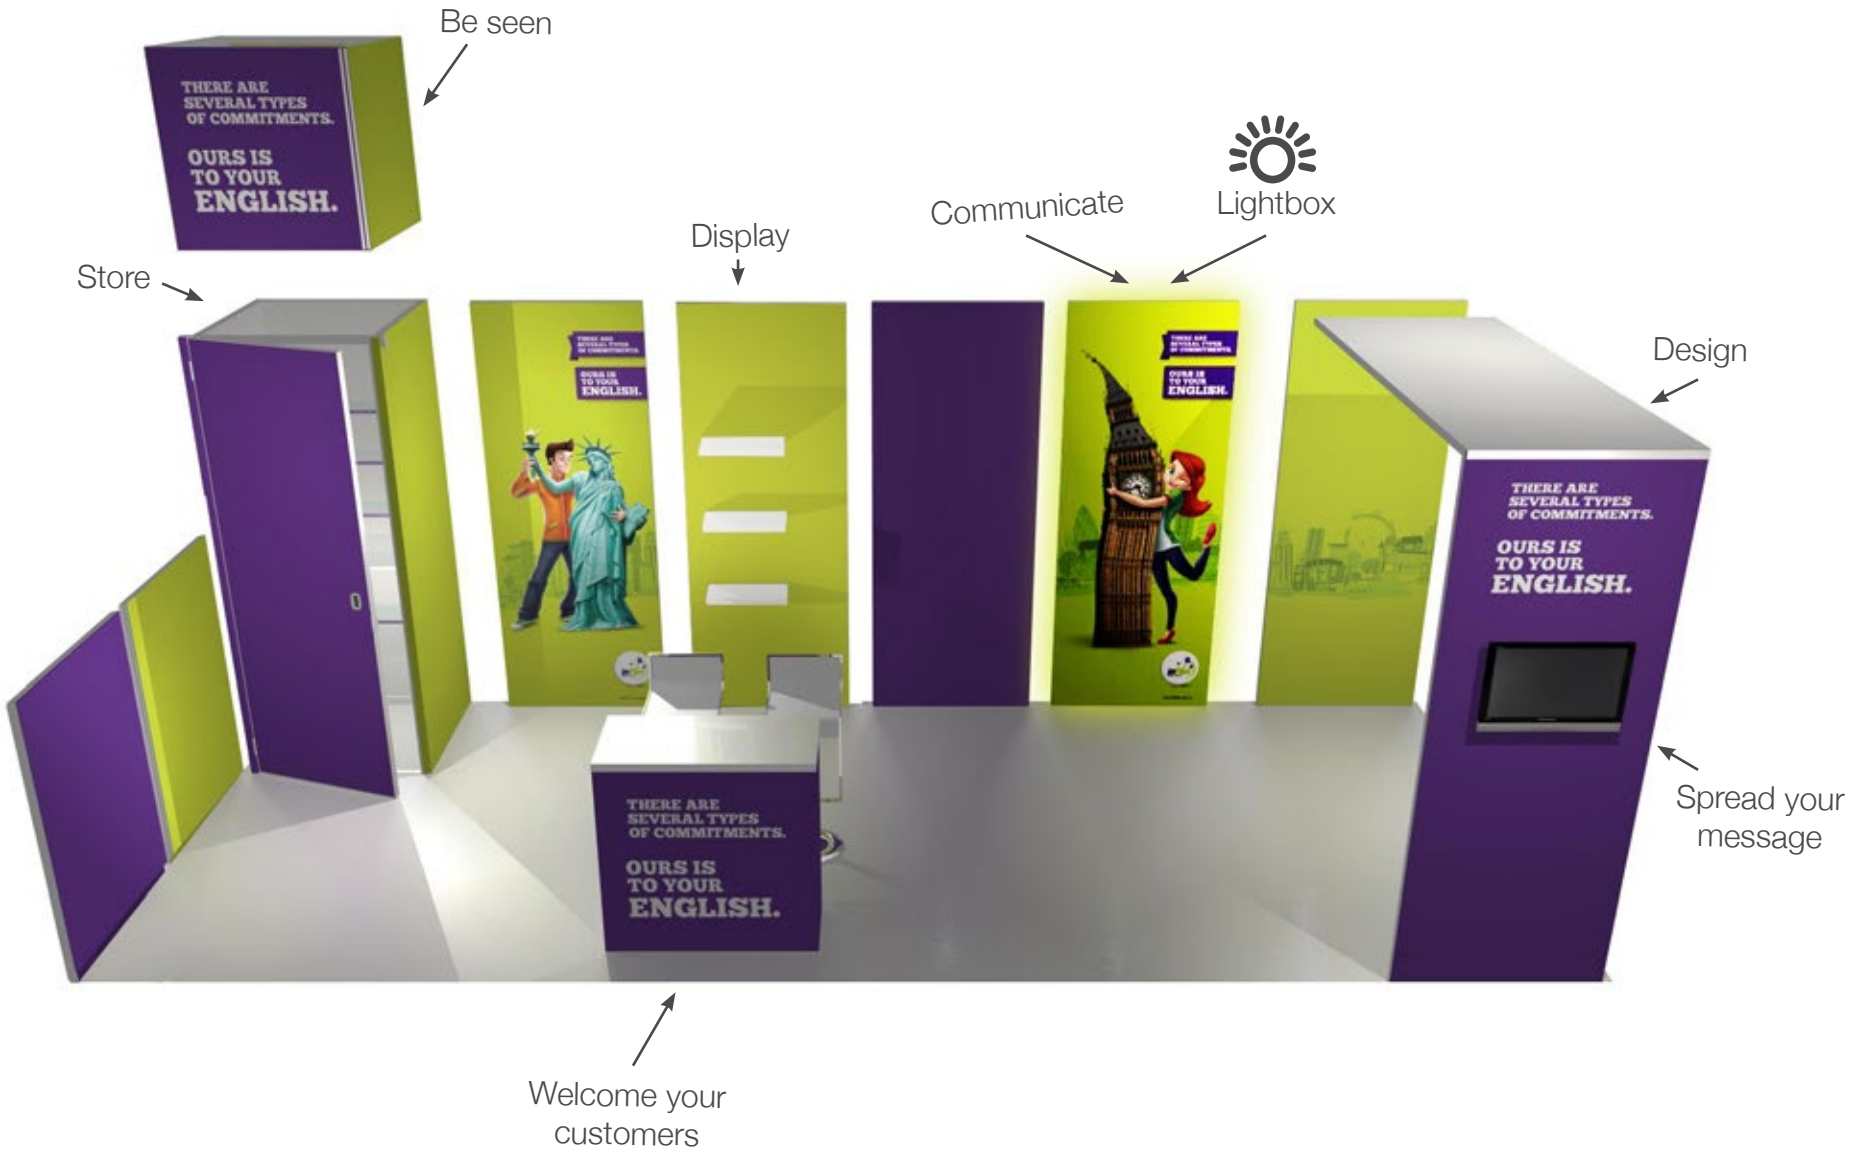
2017 RETAIL PRICING

“Each panel has a function, with infinite possibilities for personalization”

panoramic®
h-line

The prices provided in this catalog are suggested retail prices excluding VAT. We are constantly improving and adding to our product range, and we reserve the right to modify their specifications and prices without prior notice. Despite the attention given to the production of this document, it may contain errors and omissions for which the catalog distributor cannot be held responsible. Only the final estimate is deemed as accurate.
We also invite you to read the General Sales Terms and Conditions provided by the distributor of this catalog. All logos and trademarks used or mentioned on this page are the property of their respective owners and are used for display purposes only.

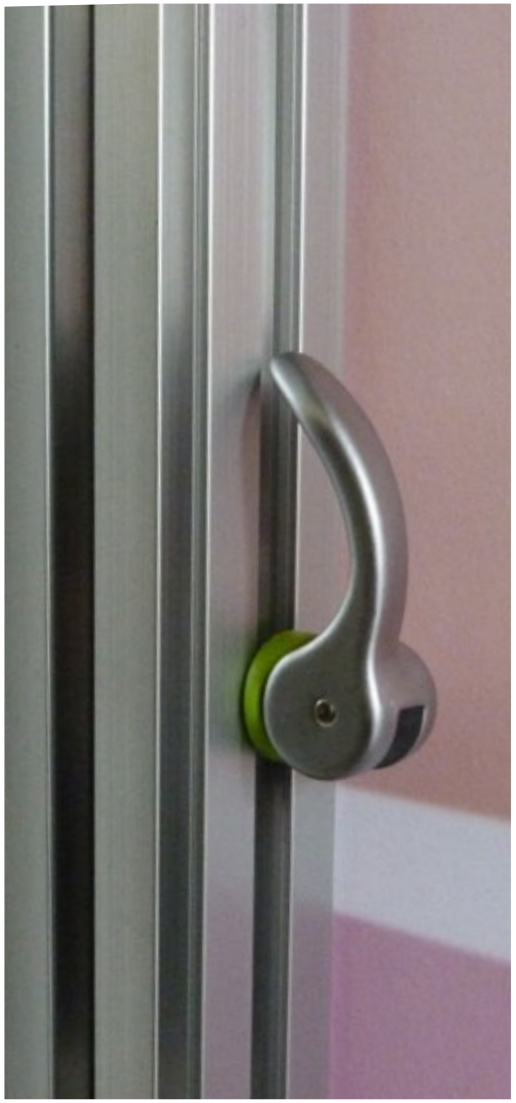
Pre-assembled modules



Concept

- Panoramic h-line is a trade show display system which allows you to easily create a custom booth using pre-assembled modules.
- With its full surface area competely dedicated to the graphic image, Panoramic h-line creates an unparalleled visual impact while also providing a full assortment of useful functionalities.
- Panoramic h-line is a perfect solution for those that would like a booth that is both modular and flexible for purchase or rental.

Benefits



Five reasons to choose panoramic h-line

SHOWCASE YOUR IMAGE

Put the graphic image front and center! No visible aluminum profile means your message is even more effective and your booth carries **a true mark of quality.**

ENDLESS MODULARITY

All module types can be connected to one another -- no restrictions! **Rest assured that you can use your booth in every space**, even those you have yet to consider. Panoramic h-line is a completely scalable solution that grows along with your company.

FOCUS ON THE ESSENTIALS!

Each module has been designed to provide its own unique functionality (communicate, display, design, spread your message, store, and welcome customers). **You can pre-fit certain modules by adding optional kits for even more functionality.**

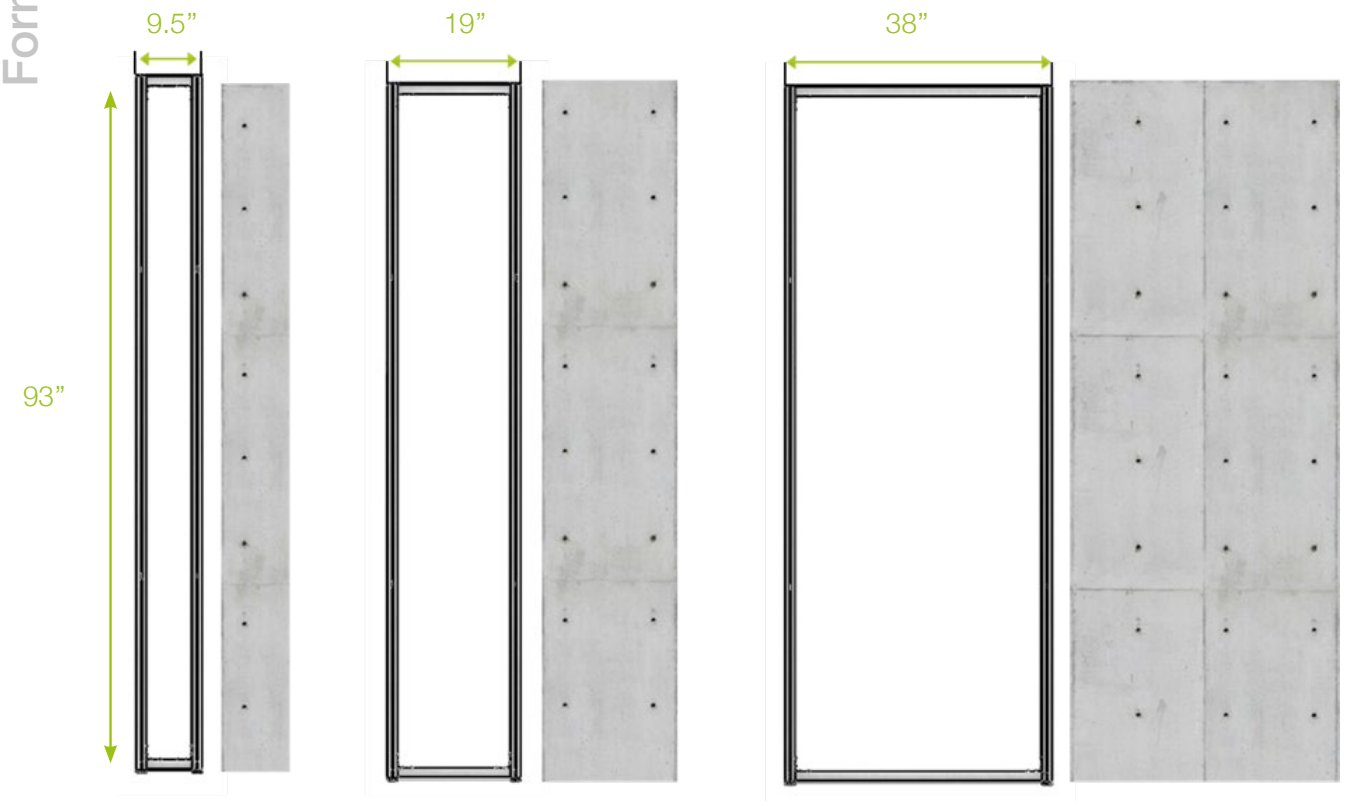
BE CREATIVE!

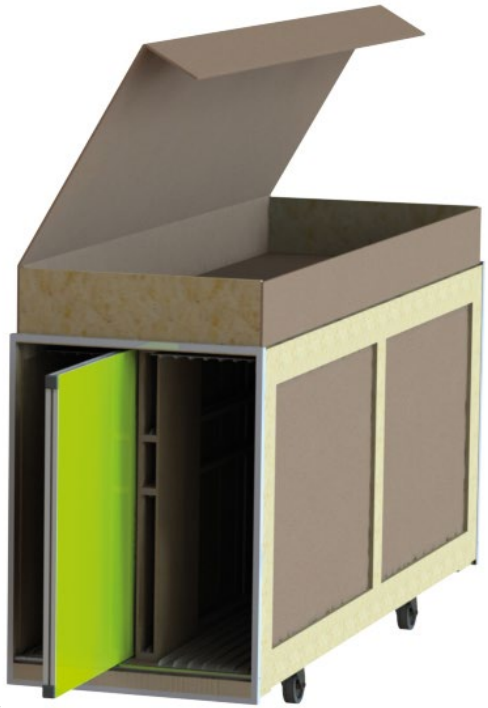
Distinguish your company by creating your own custom graphic or use our database of colors and patterns specifically chosen for Panoramic h-line. **Put a part of yourself in your booth!**

CLEVER & SIMPLE

Panoramic h-line requires **zero technical expertise** and is set-up without the use of tools. Set-up up the booth yourself, or with our assistance. Standard modules do not exceed a weight of 19 lbs. Set-up for a 20' x 10' booth takes less than 1 hour for 1 person.

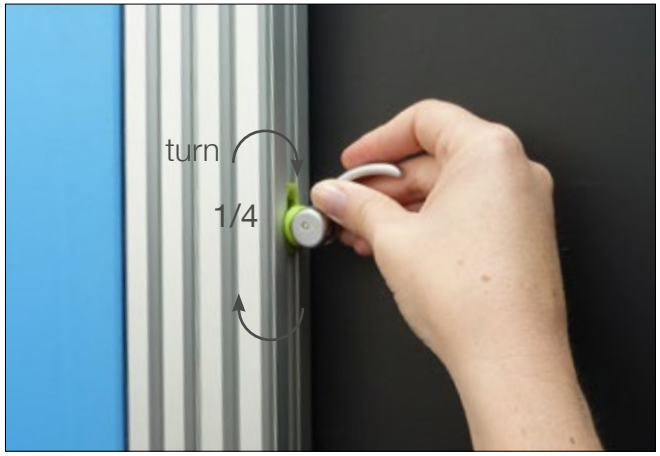
Concept

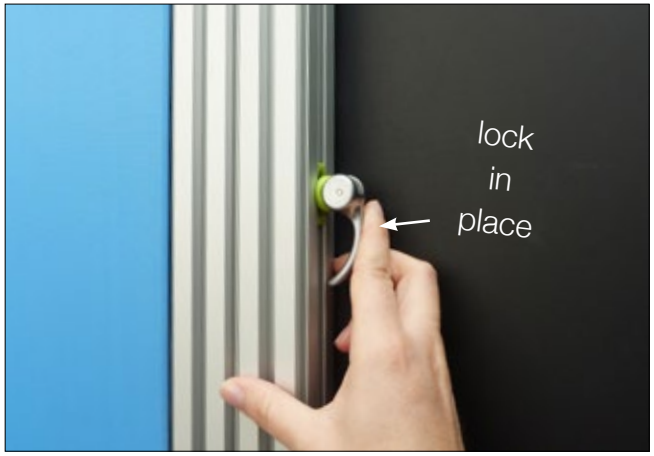




3 modules sizes:
9.5”, 19” and 38”

Every panel is delivered with pre-installed graphics, just connect them!



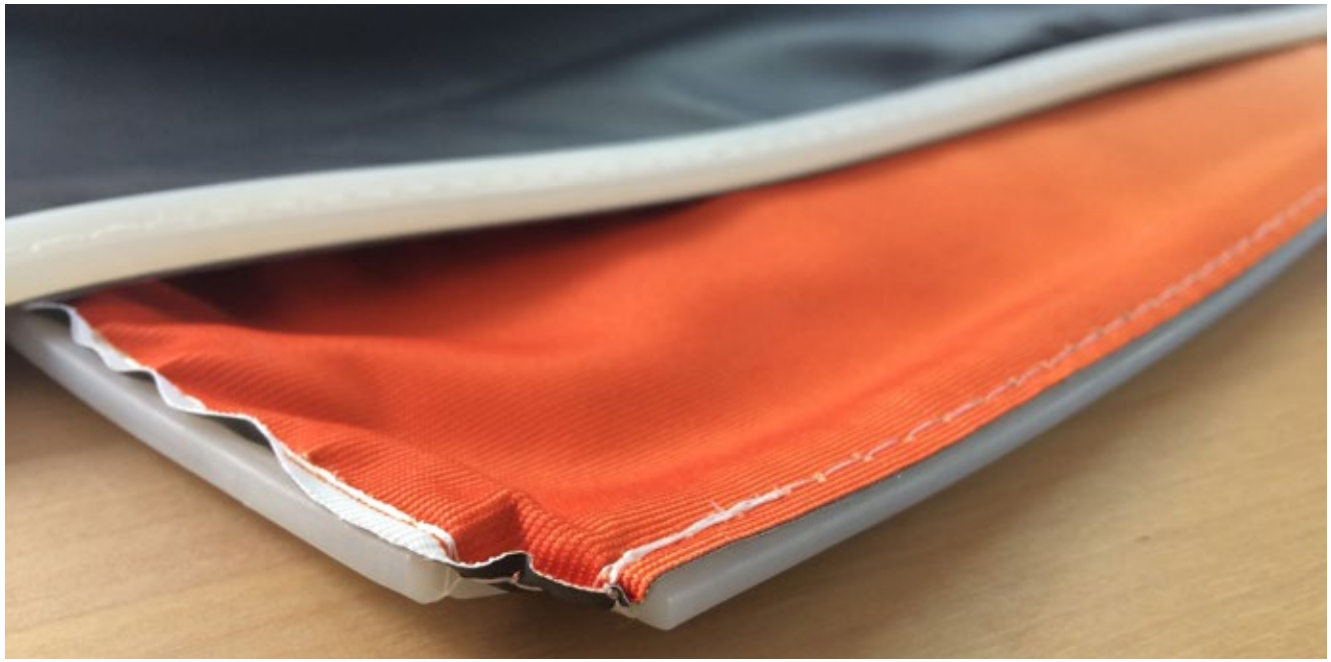


All module types can be connected to one another

Result: no visible aluminum profile !

Graphics

- Dye-sublimated fabric graphics
- Features a silicone edge attachment system, in which silicone is sewn into the edge of the graphic and is then inserted into the groove of the Panoramic profile.
- Extremely precise graphic dimensions ensure perfect graphic tension upon installation
- The right fabric for each use: opaque Panopac fabric for maximum visual impact and optimal color rendering, light-diffusing fabric for lightboxes and backlit frames
- Easy to transport and ship



Grommets provide optimal and durable cable management

Process

Design and quote your stand in 4 easy steps and 30 minutes or less!

Standard modules

HMS001
Angled pole*

MODULES
